Some data about collections and resources can be exported as CSV files. From the Collections or Resources page, click the “Export to CSV” button.

The “Export to CSV” button in the Collection page will download a CSV file containing:

- Collection Title
- Number of Resources
- Featured? (Yes/No)
- Public? (Yes/No)

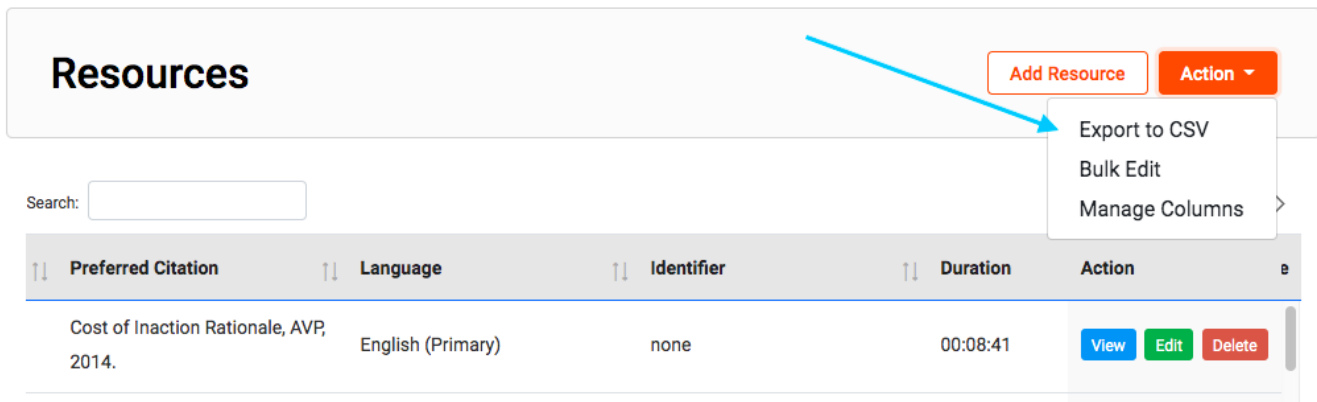

The screenshot shows the header of the 'Collections' page. On the left is the title 'Collections'. On the right, there are two buttons: 'Export to CSV' (highlighted with a blue arrow) and 'Add Collection'.
